VOL. 1. NO. 203. PRICE FIVE CENTS

RATHBUN FOR HAYWOOD

PREDICTS HE WILL BE SOCIALIST PRESIDENTIAL CANDIDATE IN 1908.

MR. MORRIS HILLQUIT DOES ALSO

President Gompers, of the American Federation of Labor, Thinks Acquittal Verdict Only Was Possible.

J. H. Rathbun, one of the leading socialists of Sedalia and local manager of the Missouri and Kansas Telephone Co., made the prediction to the Democrat-Sentinel Saturday that in the event of Mr. Haywood's acquittal he would be the socialist candidate for president in 1908. Here is another socialist who thinks just as Mr. Rathbun does:

Haywood for President in 1908. New York, July 29.—Morris Hillquit, lawyer and author and one of the most prominent socialists of the east, expressed the conviction last night that William D. Haywood, who was acquitted Sunday of the murder of Governor Steunenberg at Boise, might be nominated for the presidency in 1908.

He added that Mr. Haywood was expected to be in this city next week, when a demonstration in his honor would be held.

"The innocence of Haywood I or any other socialist never doubted," said Mr. Hillquit. "He is a leading spirit of socialism. Now, Mr. Roosevelt, who termed Haywood 'an undesirable citizen,' may find him an opponent for the presidential chair."

"The members of the Moyer-Haywood conference committee will secure Madison Square garden for next week some night, and we expect and have already made arrangements to have Mr. Haywood there."

Mr. Hillquit was the chief promoter of the fund-raised to aid the Haywood defense.

Gompers Sees No Motive.

Washington, July 29.—President Gompers, of the American Federation of Labor, last night in an interview regarding the outcome of the Haywood trial at Boise, Idaho, declared that no honest American jury could have brought in any other verdict.

"It was inconceivable that an honest American jury would have brought any other verdict than was rendered by the Boise jury, acquitting William D. Haywood," said Mr. Gompers.

"That he was innocent of the crime charged against him was absolutely certain. Governor Steunenberg, at the time of his being killed and for almost two years before, was in no way in a position to interfere with the work of the Western Federation of Miners. There was no motive and no purpose for Haywood to kill or to conspire to have killed Governor Steunenberg."

ACTRESS FOUND DEAD

Drove Into Country Alone, Discovered With Bullet in Head.

Colorado Springs, Col., July 29.—The body of Miss Laura Matthews, an actress of New York City, was found dead lying in a lane near Ivy Wild today with a bullet hole in her head.

She recently arrived here from the east with her maid. Last evening she drove out into the country alone. It is believed she committed suicide, owing to despondency over a love affair.

"JACK, THE RIPPER" ESCAPED

Knocked Down a Little Girl in Berlin Today.

Berlin, July 29.—An unknown man today knocked down a little girl in the streets, when he was scared off by a woman.

He is believed to be "Jack, the Ripper." He escaped.

There is great excitement.

Heavy Snowfall in Wyoming.

Laramie, Wyo., July 29.—At Sherman, twenty-six miles east of here, it snowed last Friday night and the crest of the mountains Saturday were covered with several inches of snow.

Mrs. Mason Talked to Children.

At the "story hour" at the public library this morning there were more than fifty children present, and for an hour they were delightfully entertained by Mrs. S. G. Mason, whose subject was "Seeds," and upon which she talked most entertainingly.

Has Resumed Her Duties.

Miss Maymie Bailey, a popular sales lady employed at Guenther's dry goods store, resumed her duties this morning, after a two weeks' layoff, during which time she visited at Salina, Texas.

Back at Work Again.

J. C. Maus, clerk at W. E. Bard's Ohio street drug store, who has been taking a week's layoff, enjoying his vacation, resumed his duties this forenoon.

CHAUTAUQUA, NEXT YEAR

SEDALIANS MUST GIVE MR. BARTLETT A DEFINITE ANSWER THIS EVENING.

CANNOT AFFORD TO TURN IT DOWN

Prominent Citizens Who Were Interviewed on the Subject Today Were Unanimously in Favor of Attraction.

Mr. Fred W. Bartlett, of Silex Springs, Ark., general manager of the Bartlett circuit of Chautauquas, was in Sedalia last night and appeared for a few moments on the Chautauqua platform.

He spoke of the arrangements for the remaining days of this Chautauqua, and announced that tonight he would ask the audience to state definitely what they are prepared to do to support the Chautauqua next year, by subscribing for season tickets.

Pursuant to this announcement, Mr. Bartlett will appear before the audience tonight with a definite proposition as to next year's Chautauqua.

Those who are interested and desire that the institution should be supported should by all means be present, prepared to say what they will do.

Prof. C. C. Casey, Mr. Bartlett's local representative, spent this morning interviewing business men of the city, and found the sentiment almost unanimously favorable.

Tonight is the time to give this sentiment expression if Sedalia is to have the Chautauqua another year.

NO WORD YET OF THE TODDS

Father and Daughter Probably Lost on Sunken Steamer.

Marshall, Mo., July 29.—Word was received here Sunday afternoon from William Todd, Jr., a son of Capt. William Todd, who was on board the Columbia when it went down, that no trace had as yet been had of either his father or his sister, Anna Todd, who was with her father on the same ship.

With Capt. Todd's death, this makes the second sudden death of two old and prominent members of the Marshall bar within the last ten days, the other being Charles M. Hawley, of this city. They were opposing candidates for justice of the peace and police judge of this city, at the last election.

800 FLED FOR THEIR LIVES

They Were Guests at the Long Beach Hotel This Morning.

Long Beach, L. I., July 29.—Eight hundred guests of the Long Beach hotel, one of the largest seashore hotels on the Atlantic coast, had to flee for their lives early today, when the hotel burned to the sands.

There was no loss of life, and so far as learned, none was injured. The guests lost almost all their personal effects. The loss is about \$200,000.

Now Live on Lamine Avenue.

Col. James Freeman, manager of the Singer Sewing Machine Co., is today removing his family from 701 East Fifteenth street to 1308 South Lamine avenue.

COULD NOT CONVICT HIM

LOUIS GLASS, OF THE PACIFIC STATES TELEPHONE AND TELEGRAPH CO.

JURY WAS OUT FORTY-EIGHT HOURS

It Stood Seven to Five in Favor of Conviction, and There Was No Change From the Opening Ballot to the Closing One.

San Francisco, Cal., July 29.—The jury in the bribery case of Louis Glass, vice president and general manager of the Pacific State Telephone and Telegraph company, has disagreed.

Glass was accused of having bribed Charles A. Boxton, a member of the board of city supervisors, through the agency of Theodore A. Halsey, to withhold a franchise from a rival corporation. The jury was discharged at 4:30 o'clock Sunday afternoon, after being out forty-eight hours.

The jury stood seven for conviction and five for acquittal. This was the result on the first ballot and subsequent ballots showed no change in sentiment. The prosecution announced last night that it will go on with other indictments against Glass on a similar charge.

The five jurors who were for acquittal all agree that there is no doubt but that Pacific States money was used to bribe the supervisors, but that it would be unfair to Glass to convict him of the bribe giving, inasmuch as there is no positive proof to that effect, and the money might have been passed to the supervisors by some other official of the company.

Louis Glass was the first "higher up" to be arrested in San Francisco after the bribery confessions of the supervisors. Glass was arrested in March on nine warrants charging bribery. Glass is rich and is very popular personally in San Francisco.

The specific charge on which he was tried was that he gave \$5,000 to Supervisor Boxton recently acting mayor, to influence Boxton's vote on a telephone franchise. Boxton said that he got the money, March 1, 1906, but the state was unable to show conclusively that this money came from Glass. Delphin K. Delmas, of Thaw trial fame, was counsel for Glass, while Francis J. Heney prosecuted the case. At the trial there were several very spirited passages between the two attorneys.

THE ZIMMERSCHIED CASE

Mother of the Missing Man Has Gone to Daughter's Home.

Mrs. Lina Zimmerschied, of 237 North Quincy avenue, whose son, Arnold, has neither been seen nor heard from since he quit the employ of the Metropolitan Street Railway Co. in Kansas City on July 15, has gone to the home of her daughter, Mrs. Samuel Powell, near Green Ridge, to remain until Arnold is heard from or the mystery that now surrounds the case is cleared away.

"Eddie" Lyon, for whom Arnold formerly worked at the pool room, and ex-Deputy Sheriff James C. Connor, who have known Arnold since he was a babe, heard at the idea of foul play, and think Arnold will materialize all right in the due course of time.

SEDALIAN SOLD PROPERTY

Lawrence Wagner Realized \$8,000 at Jefferson City.

S. W. Cox & Co., real estate agents, Friday sold to Stokes Griffin the property on the alley on Monroe street at the rear of the Monroe hotel, including the old brick church building and the brick residence building, the consideration being \$8,000, says the Jefferson City Tribune.

The property was owned by Lawrence Wagner, of Sedalia. The consideration was cash in hand. The earnest money had been paid and the abstract of title ordered. This is a desirable piece of property.

Will Dance Tuesday Night.

The young people of East Sedalia will enjoy a dance at Dobeil's hall tomorrow evening. Everybody is invited.

Death of Henry Taylor.

Henry Taylor, a negro, 50 years old, died of hemorrhage of the lungs at the home of Mrs. Mat Maupin, 223 West Jefferson street, at 1 o'clock Sunday afternoon. Funeral services and burial will be held tomorrow afternoon.

Police Court Cases.

Two vagrants were fined the usual amount in police court today and given a stay to leave town. The case of a prominent citizen, charged with carrying concealed weapons, was continued until August 1.

Girls Will Give a Social.

The young girls of Sacred Heart church are arranging a lawn social to be given at the parochial residence of Rev. Fr. Neberg, Third street and Vermont avenue, on the night of August 6.

FLAMES HOLD CARNIVAL

NEW YORK AND ITS SUBURBS SUFFER HEAVILY FROM FIERY ELEMENTS.

ONE TENEMENT HOUSE DESTROYED

Twenty Lost Their Lives and Fifteen Were Injured Within Twenty-Four Hours, and More Than \$1,000,000 Property Loss.

New York, July 29.—A shocking loss of life and destruction of property, estimated at more than one million dollars, was caused by fires in New York and its immediate vicinity in the twenty-four hours ending at 8 o'clock this morning.

Twenty persons are dead and fifteen suffering from injuries as the result of the burning of a six-story double tenement building in Chrystie street.

The largest financial loss resulted from the destruction of the Long Beach hotel at Long Beach today, and Steeplechase park and other property at Coney Island yesterday.

In addition to these the steamship Hamilton, of the Old Dominion line, came into port yesterday with part of her hold ablaze. The steamer reached the dock before any of her passengers knew there was a fire on board.

The explosion of a bomb placed, the police believe, by agents of the Black Hand society, in an Italian grocery store, started the Christie street tenement fire. The police say men perished in the flames, fearing to escape to the streets, where they believed death awaited them from the dreaded Black Hand.

A second explosion from a kerosene tank followed and the whole lower floor was soon a mass of flames from the blazing oil. The fire shot up the stairways, cutting off all escape for those in the bedrooms. Most of the dead and injured are women and children.

WAS CRUSHED TO DEATH

Father of Mrs. Walter McVey and Brother of Mrs. R. A. Stanley.

Mrs. Walter McVey received a telegram Sunday informing her of the killing of her father, William E. Regan, in the yards of the Louisville & Nashville railway at Covington, Ky., Saturday afternoon, while engaged in coupling cars. Mrs. R. A. Stanley, of this city, is a sister of the deceased.

Mr. Regan was about 45 years of age, and is survived by his wife, three sons and three daughters.

Mr. and Mrs. McVey left Sunday afternoon for Covington to attend the funeral, but Mrs. Stanley was not able to accompany them.

GUARDS WITH LONG RIFLES

Are Guarding Non-Union Miners While They Labor.

Hibbing, Minn., July 29.—Stripping and mining operations generally were resumed today, and not a sign of trouble was reported.

At all the mines deputies armed with long range rifles occupied advantageous positions, and the men at work were assured ample protection against the strikers.

HUNGARIAN ORCHESTRA

CAVE A CONCERT THIS AFTERNOON—ANOTHER ONE THIS EVENING.

ALSO MOVING PICTURES TONIGHT

Two Concerts Tomorrow by the Amphion Quartet, and Montaville Flowers, the Impersonator, at 8 O'clock P. M.

Tonight at the Chautauqua.

8:00. The Hungarian orchestra.
9:30. The Vitagraph, moving pictures.

Tuesday's Program.

10:00 a. m. Bible study lecture by Prof. Farr.
2:30 p. m. Full concert by the Amphion quartet.
7:30 p. m. Farewell prelude concert by the Amphion quartet.
8:00 p. m. Montaville Flowers, the famous impersonator.

Wednesday—Last Day.

10:00 a. m. Bible study lecture by Prof. Farr.
2:30 p. m. Full concert by the Carolina Jubilee Singers.
7:30 p. m. Prelude concert by Carolinians.
8:00 p. m. William Sterling Battis, dramatic impersonator, in "Nicholas Nickleby."
9:30 p. m. The Vitagraph, moving pictures.

One of the biggest attractions of the whole Chautauqua is the Hungarian orchestra, which gives afternoon and evening concerts today. The beautiful weather brought out a good audience this afternoon; the outlook is for a fine evening and a large attendance tonight. The evening concert, we are requested by the management to announce, will begin promptly at 8 o'clock. Sam Schloket, the leader, is a wizard with the flute, and the musicians under his direction achieve wonderful results.

The bad weather of yesterday reduced the attendance at the Chautauqua, particularly in the afternoon, but the program was punctually carried out. The Amphions delighted their audience once more, in the afternoon, while the illustrated lecture at night on "The Truth About Panama" has called forth nothing but praise. More than 100 beautifully colored views were shown, and Mr. Hazlett's description of affairs on the isthmus, a description founded on personal observation, was most clear and satisfactory.

"Come early" is the management's advice regarding the Hungarian concert tonight.

HE DID NOT HAVE A PENNY

Alleged Stockman Who Stopped at E. R. Adams' Home.

A man dressed to resemble a stockman, claiming he came from Wyoming, where he purchased a car load of horses, applied at the boarding house of E. R. Adams for room and board for himself and five other men today, saying the remaining members of the party would reach here with the horses tonight.

The stranger retired to his room, where he went to sleep. On awakening, he was notified that he would have to pay board and room rent in advance. He was unable to do so, however, not having a single penny on his person, and Mr. Adams retained a portion of the man's clothes, while the latter went in search of his rent money.

He returned soon after with enough money to pay for his dinner, and was then requested to leave.

Death of Joseph Goddard.

Joseph Goddard, for many years editor of the Tipton Times, but who retired some time ago because of brain trouble and had been an inmate of the asylum at Fulton, died there last Friday and was buried Saturday at Glensted, his old home.

A Deputy City Assessor.

W. A. Collins, the attorney and city assessor, is rejoicing over the arrival of a son at his home on South Kentucky avenue Sunday. Of course, "W. A." is unusually happy, and is passing around the fragrant Havanas.

Were in Judge Leaming's Court.

Joe Haley, a peace disturber, was given five days in jail by Judge Leaming today. In the same court, the case of Minnie Butler, charged with frequenting wine rooms, was put off until August 1, on account of the death of defendant's father.

Gave Him Ten Days in Jail.

Leslie Carter, arrested Sunday by Special Officer Evans, of the Katy, for trespassing on the company's tracks and disturbing the peace at Tenth street, was given ten days in jail by Judge Clark today.

Sent to the County Jail.

Columbus and Ed Bassett, arrested Sunday for disturbing the peace on the Katy tracks, were given ten days each in jail by Judge Richmond today.

WAS RELEASED ON BOND

MOYER, CO-DEFENDANT WITH HAYWOOD, WILL BE RELEASED FROM JAIL.

BOND WILL BE GIVEN FOR \$25,000

State Agreed to This, But Will Oppose Releasing Pettibone, the Other Defendant on Trial, in Any Sum.

Boise Idaho., July 29.—Moyer, the co-defendant with Haywood, charged with the murder of ex-Gov. Steunenberg, will be admitted to bail in the sum of \$25,000 and will be released this afternoon.

An agreement to this effect was reached this morning between counsel for the state and the defense. It is understood that the state will oppose bail for Pettibone, no matter what sum is offered.

On Same Train.

Denver, Colo., July 29.—"We will hire from the Union Pacific railway the same special train on which Bill Haywood was taken to Boise, after being kidnaped, and in this train we will bring him back to Denver," declared James Kirwan, acting secretary-treasurer of the Western Federation of Miners, today.

AS MAIL CARRIER

Heavy-Weight Indiana Woman Wants to Serve Uncle Sam.

Warsaw, Ind., July 29.—Mrs. Rosella Flora, of Silver Lake, who weighs nearly 200 pounds, has entered into a competitive test with 55 men in the hope of securing an appointment as rural mail carrier. The examination was held at the Center Ward school building.

"I know that I passed; it was easy," said Mrs. Flora less than an hour after she sat down to her papers. "I know that the department favors men; but I will patiently await my appointment, and I know that I can do the work as well as anybody else."

COUNTING THE CHICKENS

Before They Were Hatched Over in the Hoosier State.

Richmond, Ind., July 29.—Two unusual divorce petitions were filed here Saturday. The first was that of Mary L. Slick, who asks separation from J. Slick, on grounds of cruel treatment and also embodies in her petition a request for the custody of a babe which the stork is expected to bring the coming autumn.

The second suit was filed by Elizabeth Thill against Hiram Thill. After thirty-three years of wedded life she alleges in her complaint that she has just discovered that her husband has been faithless to his vows.

FOLK REMOVES ROZELLE

Fired From Board of Kansas City Police Commissioners.

Jefferson City, Mo., July 29.—As a result of the recent investigation of the Kansas City police department, Governor Folk today requested the resignation of Police Commissioner Frank F. Rozelle, of that city, and later removed him summarily.

VIRGINIA TO IGNORE IT

GOV. SWANSON WOULD GIVE NO HEED TO THE UNITED STATES COURT.

IS ANOTHER RATE CASE BUBBLE

Judge Pritchard Ordered the Suspension of Publication of a Rate Bill and the State is Aroused.

Richmond, Va., July 29.—Governor Swanson gave his position yesterday regarding the railroad rate situation in the state. The governor says the case in Virginia is different from that in North Carolina, as no law establishing rates in this state has yet been perfected and that the paramount authority for fixing rates is vested in the corporation commission, which Judge Pritchard recently enjoined from publishing its order for a nullo from publishing its order for a nullum. The governor says that under Judge Pritchard's injunction the commission was prevented from perfecting the publication of the rate and thus there is no 2-cent law in Virginia today.

Under the constitution, said Governor Swanson, in order for the commission to fix a rate it must take three steps: Give notice to the transportation companies to appear; give a hearing and enter an order, and publish the order four weeks before it can take effect.

"The order of Judge Pritchard in the Virginia case is outrageous," says Governor Swanson. He says the fixing of a rate by the corporation commission is a legislative act, and yet he restrains this legislative body in Virginia from doing what is absolutely necessary to finish an act of legislation under our constitution.

"The corporation commission is paramount to the general assembly or house in fixing rates. If Judge Pritchard can enjoin the corporation commission from performing its duties in fixing a rate and completing it, he can enjoin the legislature from passing laws until he has examined and ascertained whether they are, in his judgment, constitutional.

"I have favored, and still favor, ignoring this order of Judge Pritchard, prohibiting the corporation commission from publishing their order, as required by the constitution.

"To acquiesce in a federal judge arresting a legislative body of a state in their process of enacting legislation is destructive of state, society and all free institutions. This order of Judge Pritchard makes the Virginia case broader and far more important than any question of passenger rates.

"The members of the corporation commission are prepared and willing to proceed with publication or to do anything else that is necessary to vindicate their rights or to attain the purpose desired.

"The delay in action has been to enable counsel to look into the matter thoroughly, and to reach a definite conclusion as to what they believe the best and most advantageous course for the state to pursue.

The rights and dignity of the state will be maintained to the fullest extent. When the 2-cent rate is perfected by publication and becomes operative in the state it is my purpose to see it enforced, and to do this I shall exercise all the powers possessed by me as governor."

NINE-FOOT RACER

Attacked the Boy and Nearly Strangled Him to Death.

Wapakoneta, Ohio, July 29.—Ben Eiting, aged 13, a son of Frank Eiting, living south of Minster, was attacked by a nine-foot blue racer snake while carrying lunch to the harvesters.

The boy clung to the fence with one hand and tried to fight off the snake with the other, but the reptile curled around him and was crushing him, when it was frightened off by the approach of the men, and quickly escaped.

The boy had the breath squeezed out of him and could not speak for several hours.

THE HAYWOOD ACQUITTAL.

The result of the Haywood trial was a surprise to many, and indeed astonished even the defendant's best friends and supporters, who at best looked for a hung jury. In Sedalia this was true, one of the leading and most influential of the socialist party making that statement this morning.

The verdict may be attributed to many causes, according to the view point of each individual who gives it consideration.

With some the idea that the jury was influenced by fear of the Miners' Federation seems to prevail, while others think that sympathy for Haywood's aged mother, invalid wife and small children caused the twelve men to refuse to add further burdens to their already troubled lives.

That Orchard's vile and degenerate life and his cold blooded confession of almost unthinkable crimes had such an effect that his testimony could not be believed is ground given by others.

Those accustomed to thinking along legal lines who read the testimony from beginning to end, say the state failed to make out a case in so much as connecting Haywood with Orchard, and that even though the men composing the jury really believed in their hearts that the accused was guilty they could not under the judge's instructions bring in that verdict.

Whatever the cause, the cry that has long been heard from Debs and Darrow and Rathbun, and other leaders of the socialists that the defendants couldn't get a fair trial in Idaho has proven to be absolutely false and unfounded, and again have those institutions that have been so bitterly denounced by the red flag demagogues demonstrated that before the law all men are free and equal.

Now that this has been shown so clearly, let Jack Simpson, of the miners executive board, who, charged along with the others with this dreadful crime, has been a fugitive from the authorities, and hiding no one knows where, because, as his friends claim, he couldn't get a fair hearing, come forward and stand trial as would any other law abiding citizen.

Haywood had his day in court and has been returned to the bosom of his family, and all, defendant, attorneys and friends, say he was fairly tried.

Will they say the same if either Moyer or Pettibone is convicted?

HOW TO CHANGE THINGS.

A newspaper can do no more than an individual in correcting errors and mistakes of officials. While it is true that a newspaper can criticize the administration of laws and ordinances and can publish facts regarding lack of attention, carelessness and neglect of duty on the part of those in authority, yet oftentimes this amounts to but little unless others—the individuals interested, take pains to impress upon the offi-

cials that they, too, are dissatisfied with prevailing conditions.

This plan applies to the present situation and the Democrat-Sentinel believes that if citizens will unhesitatingly let their councilmen and the mayor know that they object seriously to despoiling Liberty park by eliminating the lake, it will have the effect of stopping the work now going on.

Hundreds have protested to representatives of the Democrat-Sentinel. If they will call up those responsible by telephone, or, better still, have a personal interview, things may be changed. It isn't yet too late.

ANOTHER SMALL COMPLAINT.

Complaint has come to the Democrat-Sentinel regarding the condition of the street at the intersection of Sixth and Montan.

It seems that the ditch dug for the water works main has at that place never been properly filled up, and as a consequence the depression is so deep that it is dangerous for vehicles to drive over it, even at a slow walk. People knowing the state of affairs can drive around the place and avoid breakage, but those who are not familiar with the conditions, especially if driving at night, are more than apt to find themselves with a broken carriage spring.

It wouldn't cost the city a cent of money to remedy this evil, for the street commissioner, if he would, could force the contractors to put the street in good condition.

The attention of the proper authorities is most respectfully called to this piece of most wanton carelessness.

HOW ABOUT THIS?

Apologues of the neglect of some one to put the public watering trough at the market square into commission, a citizen yesterday said that attention should be called to the condition of the one that is located at Fifteenth and Ohio streets. This is reported to be abominably neglected. The water is covered with green slime and it is filled with dirt and refuse which blows into it and remains because no care or attention whatever is given to it. The result is that horses and other animals are forced to drink murky, stagnant and death dealing water. The ground around this trough is simply a mud hole, resulting naturally from the water being spilled or running over.

No effort whatever is made to fill in the sink hole, but it is permitted to remain as another unsightly and disease-breeding evidence of some one's inefficiency.

Mrs. Leslie Still Quite Ill.

Mrs. A. E. Leslie, who has been bedfast over ten days suffering from injuries received in an accident at Second and Ohio avenue, is still in a critical condition. She is hardly able to turn over in bed, and the outcome of her case cannot be determined at present.

HIGHWAY OF THE STATE

IT WILL NOT INTERFERE WITH
GOOD ROADS MOVEMENT
IN OTHER COUNTIES.

SO SAYS SECRETARY GEO. B. ELLIS

The Services of the State Highway Engineer May Be Secured By Making Application to Mr. Ellis.

The impression seems to have been made in some localities that the proposed state highway from St. Louis to Kansas City, which has been discussed in the public press recently, will interfere with the work of road improvement in other counties.

We wish to correct this impression by stating that the state highway engineer has been authorized by the state board of agriculture to answer all applications for his services from the different counties of the state as promptly as his time will permit. He is on salary and his services are free to the different counties on application.

The money appropriated by the last legislature for the different counties cannot be used for the purpose of constructing a state road. The war fund, which gives to each county about \$4100, has already been distributed by the state treasurer. This fund may be used for any road purpose at the discretion of the county court.

The \$500,000 appropriated from the general revenue fund by the last legislature will be apportioned to the different counties on the basis of assessed valuation, giving approximately 6-10 of a mill on the dollar of assessed valuation for each county.

Thus, a county whose assessed valuation is ten millions will get \$6,000 from this fund; but this is conditioned on the county, road district, or individuals of the county contributing a like sum.

The state highway, if it is built, must be built by other funds, and the proposition is to organize the country along the proposed line of road under the special road district law of 1905, and raise the money by making benefit assessments on the land along the proposed route.

A road may be built in any part of the state under this law, and the expense extended over a period of twenty years, thus costing not more than 7-12 to 10 cents per acre per year on the land taxed for that purpose. This is such a low rate of taxation that any community where the land is valuable for agricultural purposes, can afford to build an improved highway without feeling it burdensome.

We wish to again notice that the services of the state highway engineer, Mr. Curtis Hill, Columbia, Mo., may be secured by application to this office. He will respond to requests for giving information on the best road material to use, and information on the building of highway bridges on the best location for roads, an estimate of the cost of constructing roads, and other information along that line that may be called for. Respectfully submitted—George B. Ellis, Secretary State Board of Agriculture.

TWO HORSE TRADERS

Quarreled Over \$6 and One Seriously Wounded the Other.

Mason, O., July 29.—In a shooting over an alleged debt Joseph Thompson was wounded twice by Charles Wilson. Both are horse traders, and some time ago concluded a horse deal.

Thompson claims that \$6 was owing to him, and, encountering Wilson in Drake's stable, asked when he was going to pay that \$6.

"Right now," Wilson is alleged to have replied. He pulled a 22-calibre revolver and fired three shots. The second struck Thompson on the elbow. The third entered under the armpit, and ranging forward near the heart, struck the breast bone. Wilson was arrested. He claims he was told Thompson was carrying a gun for him.

COFFIN PLATE IN PAWNSHOP

Bears Name of Former Justice of the Supreme Court.

Washington, July 29.—In a Washington pawnshop has been found the silver name plate which disappeared twenty-one years ago from the coffin in which Salmon P. Chase chief justice of the supreme court, was buried.

A man describing himself as an undertaker who had charge of the removal of Chief Justice Chase's body from a cemetery in Washington to Cincinnati, in 1886, offered it for sale at a pawnshop. The proprietor thought it not worth purchasing, but a customer bought it and placed it in the hands of the pawnbroker to be disposed of. On the plate is this inscription:

"S. P. Chase, Chief Justice, born January 3, 1808; died May 7, 1873."

Chief Justice Chase's daughter, Mrs. Kate Chase Sprague, one of the most brilliant women who ever graced Washington society, died only a few years ago. Her granddaughter, Miss Inez Sprague, was secretly married to Henry William Stiness, of Rhode Island, June 22.

A WOMAN'S GRATITUDE.

A Mountain Woman Writes in Praise of Newbro's Herpicide.

"For several years I have been troubled with dandruff, causing me much annoyance, and my hair became very thin. I have used Newbro's Herpicide for a month and the dandruff has entirely disappeared and my hair is becoming much heavier than formerly. New hair is growing where there was none and I am very thankful to you for the benefit I have received from Newbro's Herpicide. Very truly yours—Mrs. C. B. Foster, No. 985 Utah Ave., Butte, Mont.

THE STATE UNIVERSITY

AT COLUMBIA IS THE MOST RAPIDLY GROWING SCHOOL IN THE COUNTRY.

IT IS FOR THE HIGHER EDUCATION

The Next Session Will Open September 9, With Probable Enrollment of Twenty-Four Hundred.

It should be a cause of gratification to every citizen of Missouri that the State University at Columbia is the most rapidly growing institution of its kind in the federal union. The enrollment during the past session, exclusive of 246 entered in the University extension courses, was 2,292. Early last fall the Boston Transcript gave the University of Missouri second place in the rapidity of growth, and this was before the opening of the short course in agriculture in Columbia, the enrollment in which easily brought the State University to first place.

The right of the University to this claim was confirmed in November by Prof. Tombo, registrar of Columbia University in the city of New York.

After the University of Missouri other American universities ranked as follows: Indiana, Iowa, Dartmouth, Kansas, Illinois, Chicago, Pennsylvania, Ohio, Tufts college, Virginia, Georgia, Boston, Wisconsin, Cornell, Nebraska, Michigan, Yale, Columbia, Harvard and Minnesota. There is hardly any doubt that next year will see 2,600 or more students enrolled in the different departments of the University of Missouri.

While the income of a number of universities is greater in the aggregate than that of the State University, the income per student at Missouri is exceeded by only two similar institutions, the universities of Illinois and Wisconsin.

In the present biennial period the University of Missouri will be able, through the generosity of the state and federal governments, to spend annually in the higher education of the young men and young women of Missouri the sum of \$550,000, the equivalent of the interest at 5 per cent on an endowment fund of \$11,000,000.

The time has passed when any Missouri boy or girl need turn from their native state for educational advantages.

The development of the system of public schools, extending from the equivalent of the interest of 5 per cent the grade school and the high school to the university has taken place in Missouri as in few other American commonwealths, and has brought the priceless boon of learning within the reach of the humblest as well as the most well to do.

Missouri can now offer educational opportunities equal to those of any state and far superior to those of most of her sister commonwealths.

Didn't Trust Bank and No One Knows Where His Money Is.

Bellefontaine, O., July 29.—Bellefontaine Davis, who lived for many years in Huntsville, this county, died while visiting relatives in West Larn, Ind.

He was a man of large means, but kept his affairs entirely to himself. He did not believe in banks, and relatives do not know where he kept his money. He owned real estate in Indiana, Illinois and Iowa.

Upon one occasion during his residence in this county Mr. Davis brought to a Bellefontaine bank over \$1,300 in paper money which mice had chewed until it was almost impossible to tell the denominations. It was sent to Washington and new money was sent to Mr. Davis in exchange.

"SOUTHERN" TO OBEY LAW

The 2½ Cent Passenger Rate Effective August 1.

Raleigh, N. C., July 29.—As a result of the conference Saturday afternoon between Gov. Glen and the counsel of state and the Southern railway officials, the railroad company agreed to observe the new 2½-cent passenger rate law, beginning August 8th.

United States Attorney General Charles J. Bonaparte, who is spending the summer at Lenox, Mass., says:

"I do not anticipate any great difficulty in adjusting the matter, provided, as is bound to be assumed, that both the federal and state officials have no other desire than to discharge their sworn duty under the constitution of the United States."

"It is quite evident that this question should be submitted to the United States supreme court and that, pending a decision by that tribunal, the rights of all parties affected should be safeguarded."

"The propriety of such an arrangement is so obvious that I am confident one will be made appropriate to the circumstances of this case. Any other view would be to question—which is altogether inadmissible—the good faith and patriotism of the public officials concerned."

HAYWOOD IS NOT GUILTY

VICTORY FOR WESTERN FEDERATION OF MINERS OVER MINE OWNERS.

FIRST VOTE STOOD EIGHT TO TWO

On This Ballot Two Jurors Cast Blank Votes—Pettibone and Moyer Cases Will Not Be Dismissed Yet.

Boise, Idaho., July 29.—"Bill" Haywood is free. Not guilty is the verdict reached after a struggle in the hot jury room in the dingy old courthouse in Jefferson street, which lasted twenty-one hours, from 11 o'clock Saturday until 8 o'clock Sunday morning.

Darrow's plea and Richardson's argument won over the matchless logic of Senator Borah and the careful analysis of Hawley.

The fighting secretary-treasurer of the Western Federation of Miners escapes the martyr's crown, which Darrow pictured him as willing to wear if needs be and goes, to quote Borah, "back to Denver."

The cases of Pettibone and Moyer will not be dismissed, but it may be the prisoners will be released on bond, pending trial in October.

When the jurors retired Saturday morning shortly after 11 o'clock they proceeded to the election of a foreman, Thomas B. Gess, No. 1, being selected. Then came the first formal ballot, which resulted: Not guilty, 8; guilty, 2; blank, 2.

The blank ballots were cast by Foreman Gess and A. P. Burns, both farmers. The second vote was 9 to 3. Gess going over to the majority. Then Burns joined in, making it 10 to 2. Here the jury remained at a deadlock for twelve hours, the two men insisting upon conviction in some degree being Thomas Powell and Samuel D. Gilman, ranchers.

The jurors in favor of acquittal took turns in arguing with the recalcitrants. Once during the long debate, as the doors of the jury room stood open, Mr. Powell could be seen seated at the table pouring over a copy of Judge Wood's instructions. At 3:30 a. m. he succumbed, and then all the jurymen turned in for a nap. It was a little after 6 o'clock when Juror Gilman was aroused with the announcement that another vote was about to be taken.

"Well," he said, "if anybody would stick with me I would stay here as long as any of the rest of you, but as I am alone I will fall in with your wishes."

The vote was cast and William D. Haywood was declared acquitted of all complicity in the death of former Gov. Steunenberg.

Judge Wood was telephoned for at 7:10 a. m. and arrived at the courthouse twenty minutes later. The attorneys for the defense and prosecution were slower and did not arrive until just before 8 o'clock. Mr. Darrow being the first. Haywood entered court at 7:45 and smiled his customary greetings to counsel and newspaper men. Asked as to how he felt, he declared:

"Very well, indeed."
He had lain down most of the night and had had some sleep. Judge Wood took his place on the bench at 7:54 o'clock, and four minutes later the tired, bedraggled, worn-out jurors filed in. Haywood sat with his

right elbow hung over the high back of his armchair—a characteristic attitude. As the clerk began to call the roll the silence in the big courtroom was painful. The ticks of the clock on the wall sounded like blows from a sledge. Then came the voice of Judge Wood, asking:

"Gentlemen of the jury, have you agreed upon a verdict?"

Haywood turned his single eye up on the twelve men.

"We have," came the response from Foreman Gess, who handed a plain white official-size envelope to the court.

Judge Wood delved into the envelope, hesitated looked again and then, with some amazement, said: "There is nothing in here."

"There's the right envelope in your coat pocket," said Juror Russell to Mr. Gess.

The foreman was palpably nervous, and this added materially to the strain felt by all in the courtroom. The second envelope was handed up. Judge Wood glanced at it and tossed the paper to the clerk, who read:

"State of Idaho against William D. Haywood: We, the jurors in the above entitled case, find the defendant, William D. Haywood, not guilty.—Thomas B. Gess, Foreman." Then came the congratulations of Haywood, in the midst of which Judge Wood said:

"The defendant will be discharged and the jury dismissed for the term." Attorney Richardson was on his feet.

"Would your honor permit," he began, but changing his mind, he sat down with the sentence unfinished.

It was announced later that Haywood had desired to make a speech to the jurors, but had finally contented himself with expressing his thanks personally to each one.

"And if any of you ever come to Denver, he said to each one of them, as they were leaving the courtroom, 'you will always find a welcome at the Haywood home.'"

Haywood received scores of telegrams of congratulation during the day from all sections of the country. Many were from individuals and many more from labor and social organizations. Eugene V. Debs was among the first to send greetings. Tonight Haywood issues the following statement:

"I appreciate the support the working class extended to us by workingmen throughout the country. I hope to be able during the coming year to personally express that appreciation."

"I have no feeling nor ill will toward any person; I am charitable toward all. My intention is to go back to Denver and take up my work where I left off when I was placed under arrest."

"I do appreciate the kindness and consideration with which my family has been treated by the people of Boise."

"I do appreciate, and in so stating, express the sentiments of my companions in jail, the courtesies extended to us by Sheriff Hodgins, former Sheriff Moseley and his deputies."

"As to the outcome of the trial I have never had any fear and would have expressed yesterday the same belief I expressed when first arrested, that is, with a fair trial and an impartial jury, the verdict would be such as has been given to the country."

"Senator Borah treated me most fairly and I appreciate it."

"Judge Wood was eminently fair to me, and I have extended him my thanks for his treatment of me during the ordeal of this trial."

"I do not in any way blame Gov. Gooding for the position he took."

"In closing, I wish to express appreciation of the wonderful support given to me by the presence in the courtroom during the trial of the representatives of labor, industrial and political organizations."

Not the least interesting of the comments made upon the verdict was that of Harry Orchard, the self-confessed murderer of Governor Steunenberg, and the witness upon whom the state chiefly relied to prove its claim of a sinister conspiracy, involving the Western Federation of Miners. When told at the state penitentiary that Haywood had been acquitted Orchard said:

"Well, I have done my duty. I have told the truth. I could do no more. I am ready to take any punishment that may be meted out to me for my crime and the sooner it comes the better."

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches the age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. HOUSEWIVES FORM UNION

Drastic Action to Combat Growing Demands of Servants.

Morristown, N. J., July 29.—Morristown ladies, to resist the present high wages demanded by female servants, are preparing to organize a housekeepers' protective union.

The ladies contend that the prices for help are raising month by month and year by year with frightful rapidity. One lady says that in Morristown in 1901 she paid an excellent waitress \$12 a month, while a good waitress now demands from \$20 to \$25 a month.

In 1891 the same lady paid a first-class cook, who also did the laundry work, \$14. Cooks now demand \$25 at the lowest, and they will neither wash nor iron.

It is contended that these prices mean \$300 a year for one servant, "which the millionaire can afford to pay, but the masses cannot," said a lady today.

Thousands of people are daily suffering with kidney and bladder troubles—dangerous ailments that should be checked promptly. DeWitt's Kidney and Bladder Pills are the best remedy for the backache, weak kidneys, inflammation of the bladder. Their action is prompt and sure. A week's treatment for 25c. Sold by Arlington pharmacy.

PRETTY ACTRESS WEDS

YOUNGEST LEADING LADY IS A BRIDE AND HER MAMMA IS IN A RAGE.

THE COUPLE MARRIED ON JULY 15

Bridegroom Is a Dramatic Critic in Denver—Kept Matter a Secret Until City Editor Ordered It Written Up.

Denver, Col., July 29.—Denver is amazed that its favorite actress, Maude Fealy, was secretly married to Louis H. Sherwin, dramatic critic of the Denver Republican, on July 15.

Mr. Sherwin was clever enough to hoodwink his friends and brave enough to face the county judge and take the vows, but up to date he has not mustered courage enough to face his mother-in-law, Mrs. Margaret Cavallo, who is said to be in a towering rage over the affair.

When the city editor of the paper heard the rumor of the wedding he told Sherwin to come out with the story, and advised him to make his peace with Mrs. Cavallo. Sherwin started for her house, but on his return said that when within a block of it he heard a female voice showering anything but compliments on him and he made a masterly retreat.

The wedding ceremony was performed by County Judge Hudson in the evening. Sherwin and Miss Fealy went to the court house quietly and admonished the judge to secrecy, as they had previously admonished the county clerk. The couple had the whole building and the officiating judge to themselves.

Sherwin is the Adonis of Denver newspaperdom. Although he has for several years been doing newspaper work, he comes of a family familiar with the footlights. His mother, Mme. Amy Sherwin, is a prima donna soprano, well known in this country and better known in England and on the European continent. She is now in Australia.

Mr. Sherwin's father is Hugo Gortitz, who was at one time manager for Paderewski and later for Jan Kubelik, the violinist. Sherwin took his mother's name as better for English usage.

Sherwin was educated at Charter House, England. He came to America a few years ago; was for a time advance agent for Kubelik, and then drifted into newspaper work.

Denver has known Miss Fealy ever since she was a little girl, delighting her audiences at Ellitch's gardens.

She is the youngest leading lady on the stage. She is 23 years old and has been on the stage practically all her life. At the age of 20 she supplanted Ellen Terry as Sir Henry Irving's leading woman. She was born in Memphis. Her mother is a retired actress, who made her first histrionic appearance at the age of 2.

When Miss Fealy was 15 Augustin Daly signed a contract for her services for five years, but his death canceled the contract. Her first big success in this country was in "Quo Vadis," in which she played the part of Eunice. She appeared last season in St. Louis at Suburban garden, but was taken ill and had to retire.

THIEF TAKES FALSE TEETH

Victim Was Awakened, but Could Not Even Yell for Help.

Cleveland, O., July 29.—It was an unlikely nap that Frank Gallagher, Turn avenue, Northwest, took in a vacant lot on West Sixty-ninth street. He awoke to find his set of gold teeth, along with his watch and chain, missing. Gallagher made straight for the Twelfth Precinct police station and reported his loss to Lieut. Broadwell.

"I saw the thief running down the street and tried to yell for help, but I couldn't," he told the lieutenant. Gallagher, according to his own statement, was coming home from work, tired in body and mind. Espying a nice shady spot in a vacant lot he lay down in the grass to rest a few minutes and went to sleep.

"I hope the thief will reconsider and return the teeth," Gallagher told the lieutenant.

POISON PUT IN WHISKEY

To Trap the Thief May Cause His Own Son's Death.

Kewanee, Ill., July 29.—Strychnine placed by a father in a whisky bottle, from which liquor was mysteriously disappearing, may cause the death of William Maloney, a young farmer, son of the man who poisoned the whisky.

The elder Maloney has been arrested pending the outcome of his son's illness and may be confronted with a manslaughter charge if the young man dies. Young Maloney came home late at night and drank from the poisoned flask. Whether he had been responsible for the previous disappearance of the whisky is not known, but a few minutes after drinking it that night he was seized with violent convulsions.

DEATH ENDS HIS SEARCH

Railroad Engineer Came Here to Find Employment.

E. T. Johnson, a railroad man, 42 years old, was killed by a Missouri Pacific train near the Milwaukee roundhouse in Sheffield about 7 o'clock last evening, says the Kansas City Journal of Sunday.

His body was found lying near the track by the crew of a switch engine that passed shortly after a freight train that is supposed to have struck the man.

Members of the crew of the switch engine informed the police at the Sheffield station, and the coroner was summoned. Dr. O. H. Parker, deputy coroner, viewed the body and ordered its removal to Blackman & Carson's undertaking establishment in Sheffield.

Johnson had been an engineer on a Northern railroad, but was out of a position. He came here Friday from his home at Milwaukee and applied for work at the Milwaukee roundhouse. He was told to return next evening, when he would be put to work as engine hostler. Less than an hour before his body was found he was seen to walk down the Missouri Pacific tracks toward where his body was found.

Johnson was a widower and has three sons living in Milwaukee. The sons have been notified of his death and it is probable that the body will be sent there for burial.

A BANKER AT SOUTH McALESTER, I. T., PAID SUM OF \$10,000 FOR IT.

CAUGHT ON OLDEST OF SWINDLES

The Clever Crook Made His Escape, and a Reward of Five Hundred Dollars is Offered for His Apprehension.

South McAlester, I. T., July 29.—Col. J. J. McAlester, founder of this city, wealthy and democratic candidate for corporation commissioner, lost \$10,000 Saturday on a gold brick game.

Several days ago a man 40 years old, 5 feet 7, short black beard, giving his name as Joe Daniels, came here with a letter from a man in Montana, Daniels saying that he was on the hunt for his uncle, Col. McAlester. Daniels did not prove to be the man and Daniels went to Texas, Tulsa and other places, looking for his uncle.

Returning to McAlester, Daniels told Col. McAlester he could help him out. He wanted \$25,000 to save his interest in Montana mines which a woman was contesting, saying he had \$15,000 and wanted to borrow \$10,000. He asserted he would leave as

NO CLEW TO WOOLSEY

Wife Gives Description of Warrensburg Missing Man.

James P. B. Shepherd has returned from Kansas City, where he went to view the body of a suicide, fearing it might be his son-in-law, J. V. Woolsey, whose disappearance from Warrensburg has been chronicled in the Democrat-Sentinel. He was much relieved to find that Woolsey was not the man.

Mrs. Woolsey is almost beside herself with grief, and the uncertain fate of the man is puzzling his friends. The following description of Woolsey, prepared by his wife, has been sent to the city papers and the authorities in the hope of locating him.

John V. Woolsey, age 36; weight, 140 pounds; height, 5 feet 5 1/2 inches; very fair complexion; dark hair, parted on left side, rather high; grey eyes.

Marks on body: Little toe on right foot has been broken, and also scar of a severe burn on the instep of same foot; fourth finger of right hand is crooked at the last joint.

Clothing worn when left home: Blue working shirt; gray and black striped trousers; coat and vest not exactly same, but grey striped; a round turban, drab color; no tie; rather new shoes, Douglass make; black socks.

SENATOR PETTUS DEAD

Death Followed a Paralytic Stroke Sustained Friday.

Hot Springs, N. C., July 29.—United States Senator Edmund Warren Pettus, of Alabama, died Saturday evening at 10 o'clock. He was 86 years old.

He became stricken with paralysis at the breakfast table Friday morning and remained unconscious until the time of his death.

For the past two years he had been suffering from these spells and had grown weaker after each attack.

Senator Pettus' death follows quickly the death of his colleague from Alabama, Senator Morgan. Both were notable types of the old-school Southern statesmen, much alike in temperament, appearance, age and political convictions.

Mr. Pettus came from revolutionary stock, and during the civil war, he rose to the rank of brigadier general in the Confederate army.

He entered the senate ten years ago, and, while not among the brilliant orators of that body, he was notable for his conscientious attention to the details of public business.

IN THE COILS OF A SNAKE

MRS. O. P. FREEMAN FOUND HERSELF AT HER HOME NEAR RUSHVILLE, IND.

REPTILE WAS SEVEN FEET LONG

Family Had Been Hearing Weird Noise at Night, and the Finding of the Serpent Fully Explained It.

Rushville, Ind., July 29.—Entering her home, Mrs. O. P. Freeman, of Richland township, was enmeshed in the coils of a large blacksnake which measured seven feet in length. But the plucky woman seized the reptile in her hands, dashed it to the floor, and ran to the telephone to call for help, while the unwelcome visitor lashed its body about the room in a fit of rage.

So surprised was Mrs. Freeman upon being attacked by the snake that for a moment she did not realize her dangerous position, and before she could begin to defend herself the reptile's body glided from the door, coiled about her neck and was beginning to strangle her.

By an almost superhuman effort she unwound the snake's tightening coil and closed the house in order to imprison the reptile until help arrived.

Neighbors soon came and found Mrs. Freeman in mortal combat with the monster, which was quickly dispatched with their aid.

The Freeman family had been hearing weird noises in the chimney above an old fashioned fireplace for several nights before the snake was found, and they believe that the reptile gained entrance through this source.

FORMER SEDALIA EDITOR

Will Remain With the Herald Under New Ownership.

Col. "Bob" M. Yost, years ago editor of the old Sedalia Democrat—in fact, one of the best known newspaper men that ever left Missouri—written as follows in a Los Angeles, Cal., dispatch:

The Los Angeles Herald, the oldest morning newspaper in the city, has just been purchased by a group of prominent democrats, who say they will at once improve the news service. The new company is composed of Thomas E. Gibbons, Judge D. K. Trask, Max Leventhal, W. R. Burke, Mrs. M. G. Lobdell and Karl Lobdell.

Mr. Gibbons is president of the company, and Karl Lobdell is secretary and treasurer. Mrs. Lobdell will act as business manager.

No changes are likely in the office force. Robert M. Yost continues as managing editor, which post he has occupied more than three years; Frank E. Wolf as city editor, and I. S. H. Laverly as assistant business manager. The Herald will remain democratic in national and state politics, but will be independent as to county and city offices.

Fire in Church Basement

Indigestion

Stomach trouble is but a symptom of, and not itself a true disease. We think of dyspepsia, heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else. It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and yellow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. KENTUCKY SOON BE 'DRY'

PROHIBITION NOW PREVAILS IN 87 OUT OF 119 COUNTIES IN STATE.

THEY OPERATE 253 DISTILLERIES

The Wet Counties Really Have Only An Occasional Oasis—Things Changed Materially in Recent Years.

Louisville, Ky., July 29.—"Whisky, whisky, all around; but not one drop to drink!" The words of the ancient mariner, thus paraphrased, are appropriate today in 87 of the 119 counties of Kentucky. Strange as it may seem to a public educated in its notions of the comic press, Kentucky, the home of fine whisky, is in imminent danger of becoming a prohibition state.

At the present time despite her 253 distilleries turning out thousands of barrels of the fluid to fill the "cup that cheers," Kentucky has but four counties sufficiently irrigated to be classed as really "wet" counties. Prohibition leaders say that appellate court decisions in pending cases will make entirely "dry" the four of the counties now classed as partially "wet."

Even in the 32 where liquor is sold it is in most cases in but one or two precincts. Anomalous though it may seem, Bourbon, the county from which one variety of whisky takes its name, has but one place—Paris—within its limits where whisky may be purchased.

The four counties which are largely "wet" are Jefferson, Kenton, Campbell and Meade. All, with the exception of Meade, are still "wet" because they contain large cities. Jefferson has Louisville, Kenton has Covington and Campbell has Newport. The latter two are directly across from Cincinnati, with its German beer-drinking population, and, possibly, it sets the example.

While the anti-saloon forces have been making a steady fight for over 30 years it is within recent years only that rapid progress has been made. The passage of the county unit law by the legislature last winter put the most formidable weapon in their hands. With this they have been able to carry county after county. Their efforts have to this time been confined to counties having no large cities, because of a compromise amendment of the law excepting from its provisions all counties containing cities of the first, second and third classes.

The prohibition leaders already have given notice that at the next session of the legislature, next winter, they will seek the amendment of the law, so as to cover all counties. They will then invade some of the counties containing larger cities, among them Fayette, in which is Lexington.

Though they have given this city little attention, the prohibitionists call attention to the fact that there are even two "dry" precincts in Louisville itself.

The sweeping change which has come over Kentucky on the liquor question first came home to most of the people during the recent democratic senatorial primary. Both Beckham and McCreary made their fight on, candidates in the olden days were in the habit of knocking the heads of barrels of whisky and allowing voters to help themselves with tin cups.

With 87 of the 119 counties in the state "dry" and 253 distilleries turning out their endless stream of whisky, the question naturally occurs where all this product is going. Kentucky is naturally putting herself in a queer position. She is forbidding her own sons to drink that which she is manufacturing for the rest of the world.

A feature of recent option elections has been the victory of the anti-saloon forces in many of the southeastern Kentucky mountain counties. What the effect of this will be on "moonshining" is an interesting question over which government revenue officials are now pondering. The liquor men argue that it merely means increased "stilling" by the mountaineers on the sly.

Liquor is hard to secure in the counties which have gone "dry." A state law forbids shipping it into "dry" localities and also prohibits on the prohibition platform. The move was a shrewd one, it proved, for the vote of the country districts in the state is overwhelming, compared with the city vote, which might be expected to be against prohibition. The campaign was a novelty for Kentucky, where, according to tradition, any person carrying more than a gal-

lon of the product for any other person. "Blind tigers" are run, of course, but the class who frequent them keep away even semi-respectable toppers.

The option elections have resulted in some queer things in the state. At Winchester and Mt. Sterling, half the town is "wet" and half "dry."

Bedfast All Day Sunday.
Michael McGinley, the grocer, had a severe chill Saturday night, which was followed by fever, and he was not able to leave his bed the entire day Sunday. He is considerably improved today, however, and hopes to be in his usual health within a day or two.

CAN'T AGREE ON TRACKS

STATE RAILWAY COMMISSIONERS SPLIT OVER MISSOURI PACIFIC.

CHAIRMAN KNOTT GOES ON RECORD

Says Revocation of Order for Slow Running by Oglesby and Wightman Was a Serious Mistake.

St. Louis, July 27.—John A. Knott, chairman of the Missouri board of railway and warehouse commissioners, said in an interview here Saturday night that the commission is hopelessly split on the question of the condition of the Missouri Pacific railway tracks.

A formal break will come, he said, at a meeting of the commission to be held here on the question today. He opposes, emphatically, the revocation of an order a few days ago by Commissioner R. H. Oglesby and Commissioner Frank A. Wightman, requiring the Missouri Pacific Railway company to run its trains at a low speed over certain sections of its tracks in this state.

Chairman Knott said he did not want to make any stronger statement than that his fellow commissioners were lacking in "judgment." He said in a significant manner, however, he would have an announcement to make "straight from the shoulder" at Monday's meeting of the commission.

The chairman of the railroad commission said that when the members of the commission made a trip of inspection over the Missouri Pacific lines in Missouri two weeks ago they found conditions deplorable.

His fellow commissioners agreed in that opinion, he said, and joined unhesitatingly in the order referred to. The trip last week was made at the request of the railroad company. Ostensibly it was to show that the conditions complained of had been remedied, he said.

Chairman Knott said that practically no improvements had been made on the line between St. Louis and Kansas City, and between Kansas City and Jefferson City over the river route.

In almost no places have repairs been begun, he asserted. He added that he failed to find many places where materials for repairs were on the grounds, even.

Ohio Horse Kicks in a Door and Wrecks a Furniture Store.

Akron, Ohio, July 29.—A horse owned by John Moltz, of this city, wrecked a furniture store here. The animal was being shod in a blacksmith shop, when it became frightened and ran away.

When opposite Blatter's furniture store, on South Main street, the animal ran up the steps, kicked in the door, and cleaned out the place. The beast knocked over a mirrored buffet and broke two dozen china table lamps.

On its second trip around the room it broke several fine mirrors and landed in a pile of iron bedsteads. It took half an hour to get the animal out of the store. Several customers climbed out of the windows in their haste to get away.

THIS MAN, TOO WAS SORRY

He Did it and Called Loudly for a Doctor at Fort Wayne, Ind.

Fort Wayne, Ind., July 29.—Samuel Ruch, night watchman for the Boss Manufacturing company, went home Saturday morning greeted his wife and fifteen-year-old son cheerfully, mowed the lawn, then walked to his room, where he swallowed a big dose of strychnine.

He died in two hours after, calling loudly for a doctor. He bought the drug on his way home. No cause is known.

DUMMY CURTIS BOBS UP

FORMER SEDALIAN IS GIVEN ANOTHER TRIAL BY THE JOPLIN CLUB.

HE BELONGS TO CHARLESTON, S. C.

"Billy" White is Now Playing Second Base for Oklahoma City—Shortstop Olson Has a Case of Typhoid Fever.

"Dummy" Curtis, formerly a local pitcher, is to join the team at Topeka for another tryout, says the Joplin Globe. Curtis tampered with the tanglefoot not wisely several years ago and went to the bad. Since he is said to be touching nothing stronger than aerated water.

Should the local team break even on the trip after the remarkable winning stride at home it may be assured of second place.

Sylvester Olson, popularly known about the circuit as "Ole," shortstop for the local team, has taken ill with threatened typhoid fever and it may be several weeks before he will again appear on the Joplin line-up. Olson left for his home near McPherson, Kan., yesterday.

The loss of Olson seriously cripples Joplin's line-up. He was a good hitter and the fastest shortstop in the circuit. Fillman is taking Olson's place at short, Persch going to right and Armstrong to left. While Armstrong is a little slow on foot work for an outfield position, he got under several difficult chances yesterday.

The following paragraphs are from the Topeka Journal of Saturday afternoon:

Manager McFarland has made a shift in the infield of the Mets. Wisner now plays short, while Billy White, the erstwhile king of shortstops, is playing second base. The change was made owing to the poor showing of White on short.

Old Gus Alberts, who started baseball in Topeka and then went to Bartlesville, where he succeeded in swiping Pitcher Chaney from Topeka, has resigned his position as manager of the Bartlesville team. However, old "Spartacus," as he was known in Topeka, is still in the game, having within the last few days accepted the management of the Tulsa team in the O. A. K. league.

"Dummy" Curtis, the old veteran deaf mute southpaw of the Western association, may sign up with Joplin. Curtis is the property of the Charleston, S. C., league. In the South Atlantic league, but is not playing with the team. "Dummy" does not like the climate and wants to get loose, and Joplin is very anxious to get him. It is likely that the deal will go through. Curtis, when right, is a good pitcher, but is generally a little too much of the spiritous order to do effective work. He has a fine delivery, with all kinds of curves.

THE "VILLAGE ROGUE"

In Hoc Again and Hopes for His Five Hundredth Sentence.

Rushville, Ind., July 29.—Thomas W. Worthington the self-confessed "Village Rogue," was put in jail Saturday night for the four hundred and seventy-ninth time.

Worthington insisted that he was entitled to "free speech," and was "spouting" while a socialist meeting was going on. In jail Worthington said he hopes to reach his five hundredth incarceration.

Beautiful Set of Harness.

Lumpee & Russ, the harness makers at 208 West Main street, have on exhibition in the window of their store probably the handsomest set of carriage harness ever made in Central Missouri. This set was made to order for Mr. Jess Newton, formerly of Sedalia, now of Wymore, Neb. Mr. Newton wanted the best harness it was possible to get and knowing the sort of work Lumpee & Russ turn out, sent the order to them.

The cost was \$125, and they are surely worth it. Every strap is of solid leather, the trimmings of silver and the hardware all warranted solid and strong in addition to being ornamental.

Those interested in work of this character should call and examine them.

SEWER FLOODS SIX BLOCKS

St. Louis' Main Drain Artery Bursts After Heavy Rains.

St. Louis, Mo., July 29.—A heavy rain yesterday choked up the big Branch street sewer, the mouth of which was already flooded by back water from the Mississippi, and the huge drainage artery burst in North St. Louis, flooding an area occupied by six blocks.

The rush of water was so sudden that people living on lower floors barely escaped with their lives. Mrs. Henry Peppé and her infant, living on the second floor of a small grocery store building near the break, were dragged from an upper window by her husband, who had rushed upstairs in a closely adjoining building, just as the rising water was about to engulf them.

Many of the adjoining buildings were badly damaged. The largest individual loss was sustained by the St. Louis Paper Can and Tube company, \$10,000 worth of paper being ruined. The total property loss is estimated at \$20,000.

WAS WITH HIS SWEETHEART

When He Fired Bullet Into His Breast and Died.

Harrodsburg, Ky., July 29.—Charles Robinson, aged 18, committed suicide near Latham's Well while out driving with Miss Gertrude Segrach, aged 14. The couple were to have been married in two weeks.

According to Miss Segrach, the young man remarked that she did not love him enough and that he was going to kill himself. She ridiculed his threat, and he suddenly drew a revolver from the bottom of the buggy, and, placing the muzzle deliberately against his breast, pulled the trigger. The ball penetrated the lung.

After firing the shot the boy expressed regret and said in great agony: "I've killed myself. I wouldn't have done it for the world." He then told the girl to tell his

relatives that the shot was an accident. He asked her to take him quickly to a doctor. Miss Segrach whipped up the horse till she got to the residence of Francis Hillard, when medical help was summoned, but the physician came too late to save the lad.

HUNTED GIRL FOUR MONTHS

Only to Learn That She Was in Jail With Her Lover.

Lafayette, Ind., July 29.—Four months ago Ethel, the fourteen-year-old daughter of Frank Newman of this city, eloped with David C. Amand, moving picture machine operator at the Family Vaudeville theatre.

Saturday Mrs. Newman learned that the couple were in jail in Toledo, Ohio, charged with grand larceny.

Mrs. Newman has been scouring the country for her daughter. She went to New York, St. Louis and other cities, to follow up clues.

She has gone to Toledo to try to secure the girl's release. Mrs. Newman has filed an affidavit against Adams, charging abduction. He is 20 years old, and his father resides here. David Rabkin, of Indianapolis, deputy United States marshal, is the lad's uncle.

A cleansing, clean, cooling, soothing, healing household remedy is DeWitt's Carbolyzed Witch Hazel Salve. For burns, cuts, scratches, bruises, insect bites and sore feet it is unequalled. Good for piles. Beware of imitations. Get DeWitt's. It is the best. Sold by Arlington pharmacy.

Stricken With Appendicitis.

THE YELLOW HAIR DID IT

LOOMED UP "LOUDLY" BENEATH THE FELT HAT THAT WOMAN WORE.

LED TO ARREST AT LAFAYETTE, IND.

A Delaware, Ohio, Woman, With Her Two Children, Was Eloping With Her Neighbor When Taken in Custody.

Lafayette, Ind., July 29.—Clad in the garments of a man, with her yellow hair falling down below the rim of a soft felt hat, Mrs. Florence Bram, of Delaware, Ohio, was arrested here, together with Wm. Willett, of Delaware, and two boys said to be Mrs. Bram's sons.

The woman went to a Main street barber shop to have her hair cut off, but the barber's suspicions were aroused, and he refused to cut the hair. He notified the police, and they went in search of her.

They found that she had gone into a vacant building and changed her woman's clothing for male attire, and traced her and the three others to

the Wabash railway, where all four were found hiding in a recess between two buildings. They were taken to jail and female attire was provided for the woman.

At first she insisted that she was Willett's wife, but under a cross fire of questions confessed that she was the wife of another man. She said her husband was an old soldier, and treated her cruelly. Willett lived next door to her. His wife and three children left him and went to Michigan.

Mrs. Bram liked Willett, and, taking her two children with her, she joined him, and they ran away together.

They managed to reach Lafayette on their way to Chicago, and, fearing she might be identified, Mrs. Bram decided to don men's clothing.

Willett is a bricklayer, and said his wife was glad enough to have him go away. Mrs. Bram said her husband, too, would not feel aggrieved over her absence, and the police, after investigation, ordered the four people out of the city. They started on the railroad track for Chicago.

STING OF BLACK FLIES

Causes Six Deaths and Others Driven From the Wilds.

East Aurora, N. Y., July 29.—A startling tale of fatalities has reached here through John Griffith, who has just returned from the Algonquin Park locality of Canada.

Griffith went to the woods in the Dominion on a hunting and fishing trip about a week ago. He expected to be gone for several weeks, but the fact that six deaths resulted from blood poisoning, following stings of black flies near his camp, drove the veteran home.

Griffith has hunted in the region of Algonquin Park for many years, and he pronounces the pests the most numerous and deadly he has ever seen.

REGARDING RAILROADS

NINE-HOUR SCHEDULE CUT ONE-HALF HOUR BY SEVERAL WESTERN LINES.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The breaking of the nine-hour schedule between Kansas City and St. Louis has led to trouble between the railroads, says Sunday's Kansas City Star. The agreement to lengthen the schedule from eight and one-half hours to nine hours was made June 16. It was understood that notice would be given the other lines in the event that any of the lines decided to reduce the schedule. A day or two ago it was discovered that the Chicago & Alton and the Burlington, these two lines operating a joint service, were arranging to put in a schedule reducing the time thirty minutes. The Alton failed to give any notice of this intention. The Wabash officials found out about it and promptly gave notice of a purpose to reduce the schedule and the result is that the nine-hour agreement is definitely off.

Announcements were made yesterday by the Wabash, Chicago & Alton, Missouri Pacific and the Burlington that the old schedule would become effective today. This restores the eight and one-half hour run between Kansas City and St. Louis.

The Missouri Pacific was compelled to announce its changes by telegraph in view of the short notice it had of the intention of the other lines to reduce schedules.

There are reports that in retaliation the Missouri Pacific will make further reductions.

Moberly Strike Settled.

Citizens of Moberly will be pleased to learn that the strike that has been on all over the Wabash system for the past month or more has been settled and the men are returning to work.

By the terms of the settlement the men receive a raise of one half cent per hour and they are all put on an equal basis, that is, they will all receive the same pay per hour in the future.

Several of the pipe fitters, tinner and coppersmiths returned to work in the local shops yesterday and the remainder of them will return Monday morning.

All of the non-union men who have been working in the local shops during the strike were released yesterday morning when the strikers returned to work.—Moberly Democrat, 28th.

The strike of the same class of mechanics at the Missouri Pacific shops in Sedalia is still "on," there being practically no change in the situation from the opening day of the trouble.

Left Foot Was Amputated.

F. J. Hoffman, general freight and ticket agent for the Katy in Kansas and Indian territory, who had his left foot run over by the wheels of an inspection car at Kiowa, I. FORGOT NAME OF BRIDE

And the Marriage of the Aged Couple Was Delayed.

Richmond, Ind., July 29.—Calvin Davenport, aged 8, and Mrs. Maria Louisa Biba, aged 70, were married at the home of the bride in Dublin last night, after overcoming numerous difficulties in securing a license. Twice within a week the plans of the aged couple had miscarried, the stumbling block being Harry Penny, clerk of Wayne county, who had refused to grant a license.

Saturday afternoon they decided to be married and the aged Calvin boarded a train for this city, going immediately to the office of Clerk Penny and making application for a license.

In the meantime the intended bride had arranged with Squire Swain of Dublin to officiate at the wedding, and she also had planned for the wedding supper. Evening came and the bridegroom failed to return.

A search was made for him and he was found at his home, typical bachelor quarters, where he was engaged in darning a pair of socks. Calvin confessed that he had not been able to

get a license. Under the new Indiana marriage laws the "red tape" was too much for him. In his confusion, Calvin forgot the name of the woman he expected to wed.

The application blanks were later filled out and it was arranged that Saturday night the nuptials should be celebrated, but Clerk Penny sent word to Dublin that he would not issue a license. Later, however, he did so, and the ceremony took place.

MAGILLS IN PRISON CELLS

Woman Allowed to Meet Parents in Sheriff's Residence.

Clinton, Ill., July 29.—Hundreds of curious people visited the county jail Sunday hoping to see Fred Magill and second wife, Mrs. Fay Graham Magill, who were brought back from California early in the day to answer the possible charge of having caused the death of Magill's first wife, Mrs. Pet Gandy Magill, but they were disappointed.

No one was permitted to see the prisoners except their attorneys and the parents of Mrs. Fay Graham Magill. For a short time Magill and his wife were taken to the residence of Sheriff Campbell and they met Mr. and Mrs. Graham. The meeting was very affecting.

Mrs. Graham threw her arms about her daughter, crying "My poor little girl, my poor little girl," and the two embraced and sobbed together.

After a time Magill and his wife were taken back to their cells. Lawyers spent most of the day with Magill, but declined last night to make any statement. The grand jury convened this morning to consider the case.

THE LATTER CREATED NO SCENE

Previously the Same Confession Had Been Made to the Grand Jury, But Was Not Deemed as Worthy of Belief.

Montgomery, Ala., July 29.—In the presence of a large crowd Colvin Coleman, a negro, while on the scaffold to pay the penalty for the murder of J. A. Finley, a white man, accused W. R. Fisher, a saloonkeeper, of having committed the crime.

"W. R. Fisher and a negro named Billie killed Mr. Finley," declared Coleman, just before the black cap was placed over his head, "and I helped place his body in a carriage. Some day you will find out the truth and will then know I am not guilty." Fisher was looking at Coleman at the time, but did not create a scene.

"I am able to prove an alibi," declared Mr. Fisher, "and I did so when the officers investigated the case at the time of the murder. There is not a man who is not convinced of my innocence."
